THIRTY-NINTH YEAR NO. 16.

### CONFERENCE OF CIVIC LEADERS HELD IN BAY TO DISCUSS AIRLINE

Associations of Commerce Are Much Interested in Seeing Short Route Highway Built Between Coast and New Orleans and Press The Matter.

The Bay St. Louis Chamber of Commerce is calling a conference of civic leaders interested in building the Coast-New Orleans air-line highway which has taken a definite step forward in bringing about a much needed improvement. This meeting which occurred in Bay St. Louis Thursday afternoon of this week brought together many who are citizens of both Louisiana and Mississippi and will tend to stimulate the interest in the proposed highway which has met favorable approval by citizens whenever proposed.

President George R. Rea of the Bay Chamber of Commerce received responses from many civic organizations preceding the date of the meeting, the Chambers of Commerce from Pass Christian, Gulfport and Biloxi, and from the Association of Commerce of New Orleans, all sending representatives. City officials, county officials, were invited.

Governor Huey P. Long of Louisiana designated as his representative at the conference Milton Lasker, who also represented the Young Men's Business Club which he heads as president, and the New Orleans Association of Commerce. Francis Wadell, F. L. Ramos and Geo. W. Lawes, were the other representative from the New Orleans Association of Commerce.

It is pointed out that Mississippi by the recent passage of a road bill will have large sums available for road construction. The conference hopes to determine whether or not Louisiana is ready to meet Mississippi in pushing the construction of the proposed highway.

### SORORITIES AND FRATERNITIES HAVE HOUSE PARTIES

Hundreds of Students from New Orleans Are Spending Easter Holidays Here

Literally hundreds of sorority and fraternity members from the New Orleans colleges including Sophie Newcomb, Tulane and Loyola, are flocking to Bay St. Louis and neighborhood for this week-end spending the Easter holidays in houseparties. For a number of years various of the organizations have come to the Coast for the season and each Easter time the crowd enlarges.

The streets are crowded with a stream of students on pleasure and fun bent and the excitement of the season is enlivened by the happy groups.

Many homes, all the hotels and rooming houses have been booked to capacity to accommodate the crowd. Beginning to arrive Wednesday night by motor and train, the full equipment of visitors is not expected until Thursday and Friday.

### PRETTY DISPLAY OF EASTER CANDIES

The Atlas Drug Store on North Beach Boulevard has an unusually pretty display of Easter candies in almost every type and kind. The windows herald the Easter season with draperies of light tinted papers, and one window is devoted to Easter novelties. Within the store an open counter has been arranged in a draped setting for all sizes of Easter candies in attractive boxes. One glass case has been filled with Easter baskets arranged in tempting array.

### FIRST METHODIST CHURCH SERVICES

Rev. C. C. Clarke, pastor of the First Methodist Church, announces special Easter services which will begin with a Good Friday service, Friday night, 8 P. M. when he will use for his subject, Thinking in Terms of the Cross. Sunday morning the topic will deal with the Resurrection and there will be special music. The Easter service will be featured in the Sunday night service also.

### PLANT FLOWERS AT COURT HOUSE

A number of flowers have been planted in the beds at the courthouse grounds about the palms and a new flower bed has been made on the east side of the courthouse. Among the plants noted in these beds are hibiscus, roses, coleus. A row of tung oil trees and sycamore trees have been planted along the street east of the courthouse. This growth adds attractiveness to the grounds.

### DANCE SATURDAY

The Derby Club will give a dance Saturday night at the K. of C. hall. The band will be the Ed Sauter band. The dance will begin at 9 P. M.

### ROTARY CLUB ELECTS MEMBERS FOR NEW BOARD OF DIRECTORS

Club Will Meet at Fire Tower Next Week—State Forester Will Deliver Talk.

At the annual election for eight directors to serve for the new year, the Bay St. Louis Rotary Club on Wednesday elected the following named members to serve: John de Armas, Dr. J. A. Evans, C. C. McDonald, Bill Peter, George R. Rea, Arthur S. Afifie, Clem W. Weston, Harold B. Weston.

The gentlemen will meet and from their ranks elect a president, vice-president and secretary-treasurer, to take office the first part of July.

Much interest is manifest in local Rotary and it is noted with more than ordinary pride the organization is flourishing, in fact, one of the most active in this city, meeting every week and with a splendid attendance. The body will meet next Wednesday at the Madison Place, practically under the shadow of the State forest fire tower, and the Rotarians will be the luncheon guests of the H. Weston Lumber Company. The Mississippi State Forester will be the principal speaker for the occasion.

### CAR OVERTURNS ON TRAIL AND FIVE PERSONS INJURED

Mrs. C. C. Snell and Party Receive Injuries And Are Treated at Hospital

Mrs. C. C. Snell, son, Huey, who is a junior at Tulane University, and the Misses Ora and Shirley McPeak, all of New Orleans, were injured in an auto accident on the Old Spanish Trail Saturday afternoon when their car which Mr. Snell was driving struck loose gravel and overturned twice, injuring all occupants and damaging the car probably beyond repair. A passing motorist took the party to the King's Daughters Emergency Hospital in Bay St. Louis where they were treated. Mrs. Snell remained until Wednesday at the hospital when she went to her sister's home in Biloxi, the destination of the party when the accident occurred. Miss Shirley McPeak's back was injured and remained at the hospital over night. The others received minor bruises and were treated and able to leave.

Among those from Hancock county who were honored at the grand chapter meeting were Miss Celia Osoinach of Bay St. Louis who was one of the pages, and Doris Weston of Logtown who was named on the chapter constitutions committee.

Many from Bay St. Louis attended the convention and reported a fine session. Next year the grand chapter will meet at Hattiesburg. Miss Sue Waller of Wiggins is the new grand worthy matron and Mrs. J. W. Rankin of Gulfport was selected as grand associate conductress.

### S. J. A. ALUMNAE ASS'N. ORGANIZES

On the evening of Sunday April 6, a meeting was called in the basement of St. Joseph's Academy, for the purpose of organizing an Alumnae Association.

The following officers were elected: President, Mrs. B. F. Markey. Vice-President, Mrs. Claud Monti. Second vice-president, Miss Elsa Maufra.

Recording Secretary, Miss Katherine Renshaw. Corresponding Secretary, Miss Genevieve Green.

Treasurer, Mrs. Alberta Beyer. Committee of Reception, Miss Beatrice Smith, Miss Reginald Blaize, Miss Hazel Kergosien.

Committee of Arts and Music, Mrs. H. G. Glover, Miss Margaret Green. Committee of Publicity, Miss Leonida Ferre, Miss Clara Kergosien, Miss Isolante Maufra.

Committee of Membership, Miss Judith Maufra, Mrs. G. Y. Blaize, Miss Mary Bourgeois.

At the next meeting to be held on the night of April 28th, 7:30 P. M., delegates will be nominated to represent the Alumnae at the National Convention of Catholic Alumnae to be held in Biloxi at the Hotel Vista, on May 17, 18 and 19.

### CHRIST CHURCH

Easter services at Christ Episcopal church as announced by the rector, Rev. R. E. Grubb. Good Friday morning prayer at 7:30 a. m. and the Three Hours service, 12:30 to 3 p. m. Easter day services will be: Holy Communion at 6:30, 7:30 and 10 a. m.

### THE POSTAL DEFICIT

The post office department has no confidence in the economic law that suggests making postage cheaper and thus stimulating its use. There is now talk of raising the postage half a cent to care for the deficit, just as if it were necessary for the post to be a self-sustaining institution. Clearly, it was never meant to be such as long as it has to care for the congressional frank. Why, it is asked, should users of the post be called on to pay for letters, packages and even furniture transported free for congressmen? Oh, there is a deficit, is the reply, and it has to be made up. Well, but it is. And in this way—

Father Leo Fahey, assistant at the church of Our Lady of the Gulf throughout the Lenten season at an end, his edited and inspiring messages with sermons and in extenuation that carried weight and lesson, and it has indeed been a privilege to those who have heard him from time to time during the six-week season of Lent.

### ELECTION ORDERED APRIL 29TH

Resignation of H. S. Weston, Supervisor Beat 1, Leaves Vacancy to Be Filled.

H. S. Weston, member Board of Supervisors, Beat 1, and who is also president of that body, has tendered his resignation, and the Board of County Election Commissioners composed of Mrs. Laurin Gex, Geo. R. Rea and Randolph J. Ladner, has ordered that a special election be held on Tuesday, April 29, to fill the vacancy thus caused, this election to be held in Beat 1 only.

Mr. Weston will be remembered, was suddenly stricken ill while in Jackson last fall, and ever since has been confined to his room at the home of his son-in-law and daughter, Dr. and Mrs. J. O. Segura. His condition has improved gradually but slowly, however, not sufficiently to warrant the hope that he might be out again to resume active participation in his daily pursuits.

Emilio Cue, member from beat 5, has acceptably filled the honor and trust as the board's president pro tem since Mr. Weston's illness. Candidates File Names.

Filing their names with the board of county election commissioners the following are candidates and will appear on the ballot in the following order: C. B. Murphy, W. A. Whitfield, J. E. Howze, B. U. Carver, Abner Hursey.

### BENEFIT TO BE GIVEN APRIL 29TH

Glee Club Gulf Park College To Present Varied Program Under Auspices Rotary

Announcing a change in date, from Wednesday, April 30, to Tuesday, April 29, members of the Gulf Park College Glee Club will present a varied and most interesting program in Bay St. Louis, under auspices of the Bay Rotary Club.

This splendid entertainment is given to the Bay Rotary Club through the thoughtfulness and generosity of Dr. Richard Cox, president of the College, as he did last year.

In turn the Rotary Club will sponsor the program and appropriate the entire net proceeds to local cause—benefit other than Rotary. This is done in recognition of splendid support given the recent Rotary Minstrel aside from the humanitarian phase of benefit by the community.

Bay Rotary is appreciative, and the gesture, embraces the opportunity to return the consideration.

Gulf Park College has much talent and a program of varied and outstanding numbers has been selected for the occasion. Bay St. Louis will not lose sight of the opportunity to enjoy this treat—the better kind. Tuesday night, April 29, at Bay High school auditorium.

### BENEFIT KING'S DAUGHTERS

Proceeds will be given by the Rotary Club to Bay St. Louis Chapter King's Daughters for their hospital fund and operation, as this was considered the one big major project on foot for the present.

Admission prices will prevail as follows: Children, 25 cents, adults, 50 cents, including reserved seat, 75 cents. King's Daughters is a worthy cause and the benefit should go over big. Also, thanks to the generosity of the Rotary Club. May their tribe never decrease.

### LET OUR SHIPS COME IN

The Mississippi Coast and Gulfport are fortunate in having a citizen of the public interest, steady pursuit of matters that pertain to it, of R. L. Simpson: A Senator who thoroughly knows the port and what it needs and is ready and willing to forward all reasonable requests for aid in port development, as Senator Harrison, and a Congressman like Bob Hall, who gives joyous service. We think of them when we read the Washington dispatch that the House, rivers and harbors committee has approved a \$200,000 appropriation for deepening and maintaining a minimum of 26 feet in the channel, which will accommodate, we are told, 70 per cent of ocean traffic. We are obliged to the 23 feet which have done a long service—we do not love them less, but love 26 feet better. Now, if we have any ships in the ports of the world or hunting on the seven seas for anchorage, let them come to us. What will remain to prevent or deter or to cause the shippers of Mississippi to pause and hesitate about shipping cotton and commodities through this port? What we want is cooperation, and if any patriot desires to give more—we will receive it within the significant channel of 26 feet. This approximation going into the omnibus bill, probably is sure to pass the House, and will be taken care of properly in the Senate. We have no doubt that our Senators and Representatives are thoroughly engrossed in the engrossment of this bill.

### CHRISTIANITY

The Derby Club, well-known Bay St. Louis social club, will give an Easter ball on Saturday night of this week, at K. of C. Hall, and with a good jazz band an enjoyable time is reasonably expected. Admission 75 cents; ladies, 25 cents. The Derby Club has many members among the younger class of gentlemen and is one of the most popular of social organizations.

### PLAY PRESENTED AT PASS SHOWS TIME OF CHRIST

Pilate's Daughter Is Given Under Auspices of St. Joseph's Academy.

The purils of St. Joseph's Academy of Pass Christian, assisted by a number of friends, presented a beautiful play Tuesday night, entitled Pilate's Daughter, or the Mystic Rose, which was sponsored by the sisters of the school. This play was presented in Lent because it portrayed a story of the Christ period in which Pilate's daughter, Claudia, whose flower had touched the robe of Christ and was endowed with marvelous powers. As she grows up she becomes a friend with the Christians and suffers martyrdom.

Those participating in the play entered into the spirit of the past creating a spirit of intense interest. All members of the cast were from Pass Christian except Miss Nola Lizana who is from Bay St. Louis. A number of Bay St. Louis people witnessed the production.

Between acts entertainment was furnished by musical numbers from the following: Frances Hursey, Miss Florence Benefelds, Mrs. L. Courtney and P. Weber.

### TWO MEN ARRESTED CHARGED WITH MANY WAVELAND ROBBERIES

Identified by Finger Prints; N. O. Summer Residents Expected to Appear at Trial.

In the past few weeks a number of dwellings along the Waveland beach owned principally by New Orleans residents who occupy these during the summer months, and leaving the premises without a keeper during the winter season, have been systematically robbed of clothing and other belongings. It has been quite a mystery and no one has been able to even suggest a clue. Practically all of the "summer homes" along the beach have been unattended and unguarded winter after winter and nothing of the untoward has occurred.

With the announcement by Sheriff Jos. C. Jones that two negroes, Warren Davis, 24, and Strather Smith, 36, has been arrested and charged with breaking and entering Waveland residence, the mystery, in a measure and for the present, at least, has been solved.

Davis and Smith were arrested at Waveland this week after Henry C. Riggs of Long Beach, had identified finger prints on a Waveland plate glass door front as the finger prints of the two negroes.

Judge Guitierrez will try the prisoners this week and owners of the missing loot are expected to identify the articles as presented in court. Sheriff Jones also stated that a great deal of the plunder from Waveland dwellings was found in the house in which the two men charged with the robberies were arrested.

Thus the Waveland mystery will be cleared and two men charged with the crime of breaking in and looting will be placed where they properly belong.

### WOMEN TO END "DRY FARCE," JAS. M. BECK AVERS

Former Solicitor General Of United States Sees Solution Far Away

New York, April 13.—The present generation will see neither the formal repeal of the eighteenth amendment nor the abandonment of any attempt to enforce it, and the problem will be solved "by the awakened intelligence and the moral enthusiasm of women," Representative James M. Beck of Pennsylvania, former Solicitor General of the United States, said in an address here tonight.

Representative Beck spoke before a meeting at Carnegie Hall, held under the joint auspices of the Women's Organization for National Prohibition Reform and the Association against Prohibition Amendment.

This is Moral Slavery.

He described the prohibition amendment as "not only an affront to self-respecting Americans, but also an attempt to subject them, in their private lives, to a form of moral slavery that is unworthy of a free people."

"For ten years," the speaker said, "the American people have been in revolt against the Eighteenth Amendment. Millions of Americans, among them many of the best of our people, have refused to obey the prohibition law. No such widespread opposition to a law has ever been known in our history. The revolt against the Alien and Sedition Laws was confined to one political party; the later revolt against the Fugitive Slave Law was largely confined to one political party."

### A Political Revolution

"But we have witnessed in the last ten years the unprecedented spectacle of millions of American men and women privately and publicly showing their contempt for a law, even though it had the high sanction of being a part of the Constitution. And now this revolt has

### REQUEST TO PROPERTY HOLDERS ON BEACH TO IMPROVE IS APPROVED

Chamber of Commerce Takes Another Step in City Beautification Plant in Writing Property Owners to Keep Premises in Perfect Order.

Another step in the city beautification campaign which the Bay St. Louis Chamber of Commerce is fostering as a major project this year, is the plan pursued this past week by President Geo. R. Rea with Miss Mathilde Ladner, secretary, executing the secretarial work, of writing letters to each property holder on the beach requesting cooperation in beach beautification.

The text of the letter follows: "We realize the

## CANDIDATES GALORE

There will be no end of candidates for the three highway commissionerships and as the election will be ordered at once and held within the next ninety days, we can look for a spirited contest. The Echo hopes to see the very best men elected in each of the districts, and the voters should make a careful study of the qualifications of the candidates. Millions of dollars of the tax-payers money is to be expended by the new commission and in order that it is expended honestly to the last penny it is necessary that honest, efficient and men of business ability be entrusted with handling of this large sum of money.

## MONEY POWER DOMINANT

Never at any time since the republic was established has governmental affairs—both Federal and State—been so completely dominated and controlled by the money power. The Echo is not against capital, but when it is so apparent that the interests of the masses are neglected and their condition gets worse from year to year it makes us think that it is about time for the people to wrest control of governmental affairs from the hands of those who legislate solely in behalf of selfish interests.

According to an estimate made by the census bureau there is a child born every 13 seconds, and some one dies every 23 seconds in the United States.

D. N. Magruder is now editor and manager of the Yazoo Sentinel, succeeding the lamented Frank R. Birdsall, whose tragic death was noted in the Echo recently.

Chicago is a great city for weather as well as crime. Ten days ago it experienced a 19-inch snow fall and last Thursday the thermometer there registered 94 degrees in the shade.

An exchange remarks "what the people want is a statesman who will put the 'axe' in taxes." It's too big an undertaking for a single statesman, but it can be accomplished by a lot of them.

Promoters of the great bridge that some day will span the Mississippi at New Orleans have been extended another year in which to begin its construction, according to advices from Washington.

Bathing beauty contests are in the offing, and we see it stated in the papers that the girls who don the most abbreviated costumes are sure to win when passing in review before the judges. Hasn't that always been the way?

It is cabled from London that Queen Mary is very anxious for her son, the Prince of Wales, to marry, but so far she has been unable to prevail upon the youngster to take unto himself a wife, settle down and bide his time until King George kicks off and he can mount the throne.

It would have been far better for Governor Bilbo to have paid his grocery bill before he quit trading at the Syrian's hole-in-the-wall store, notwithstanding Mrs. Bilbo has assumed full responsibility for the size of the bill which she claims was contracted without the chief executive's knowledge.

Sir Thomas Lipton whose many attempts to win the yachting cup is what might be called a "true blue sportsman." He has spent "oodles of scads" trying to build a boat that could outlast the American entries, and he thinks that he will have a chance to capture the trophy with the craft he enters this year.

Congresswoman Ruth Hanna McCormick of Illinois defeated Senator Deneen for the Republican nomination last week by a majority of more than 200,000 votes. In the event of her election over Hon. James Hamilton Lewis, the Democratic candidate, she will be the first woman ever elected to a seat in the senate.

"Play Ball!" The big league teams and the small league teams have started their games, and from now until September all interest will be centered on which teams will "cop" the pennants. Of all field sports, baseball is the best and cleanest, and it is indeed hard to run across a red-blooded man or boy who is not an enthusiastic "fan."

If congress should finally vote favorably on the question of government operation of the Muscle Shoals power plant there exists some doubt as to whether President Hoover would affix his signature to the bill in the face of the fact that he long ago declared himself in favor of government operation. The powerful influences opposing the bill are no doubt responsible for the weakening of the president's former enthusiasm in the premises.

The end of the present session of the legislature is not yet in sight, and the Echo sincerely believes it expressed the views of every man and woman in the State when it hoped that there may never be another session like it. There are few members of either house who can return to their homes and tell their constituents they are not to blame for the miserable failure of the session to achieve or enact any worthwhile constitutional legislation.

## NOW AND THEN

Back in the old convention days State and district offices were filled by men chosen by virtue of their known high character and unimpeachable honesty and integrity and their faithful performance of official duty was never questioned. No scandals or ugly charges were ever made against them and when they retired to private life they left records of faithful public service.

It is to the shame of Mississippi that since the method of making nominations for public office was changed to the nomination of candidates by the primary system there have been scandals in which numerous officials from governor involved, until now the heads of almost every governmental departments are the object of investigation.

Sad to say, rascality has been uncovered and brought to light which has resulted in the impeachment of the chief law officer of the State, others forced to resign and still others under indictment for embezzlement—and the end is not yet in sight.

The Echo does not believe that there is any possibility of securing a change back to the old convention system, but it sees no hope of bettering conditions except by a return to that method of making nominations. The best men in the State composed the membership of the party convention in former times, men chosen on account of their special fitness to judge the worth and qualifications of the candidates submitting their claims to the convention for nomination. And they made no mistake in naming for all offices candidates who measured up to the standard required, and the result was good, faithful and efficient public service in all departments of government.

This paper does not want to be understood as intimating that all public officials, high and low, who have secured their election by nomination under the primary system are corrupt and unfaithful, but our purpose is to compare their calibre to that of the office holders in by-gone years. Then it was that the people had respect for and honored the men chosen for office, while today graft and corruption is so widespread regarding the majority of public officials few of them are not looked upon without suspicion.

Mississippi has been given to much adverse criticism in late years because of the scandals and charges against her public servants, and it is going to take a long time for the old commonwealth to regain the good name of which her people were once so proud.

The Echo is optimistic enough to entertain the belief that her patriotic citizenship will see that all the harm she has suffered through acts of disloyal and faithless public servants will be righted.

## STANSEL BILL AND GOV. BILBO

The Stansel highway bill has finally become a law despite the opposition of Governor Bilbo. Passed by both houses of the legislature the governor refused to affix his signature to the measure and it became a law through his failure to sign it after lying on his desk for five days.

For two long years there had been a fight waged for the passage of a highway measure that would provide for the construction of hard-surfaced roads in the State, but through the stubbornness of the two factions nothing was accomplished until recent weeks when the Stansel bill, a compromise measure, was agreed upon. It is a good bill and the State is at last assured that the highways will be built at last. Construction of the highways will be extended over a period of probably not less than ten years as the program provides for a pay-as-you-go plan, which Governor Bilbo was bitterly opposed to, as he wished to have bonds issued and the money expended by a highway commission named by himself. It was the embodiment of these two features in the measure which caused him to withhold his signature. Had he vetoed the bill it would have been passed anyhow, and realizing that his influence in the senate had waned to an extent where he could no longer muster enough votes to sustain a veto he had the good sense to let the measure become a law after the expiration of the five days required by the constitution.

## CHILD HEALTH DAY

President Hoover by proclamation has designated May 1st as "Child Health Day," and urges parents and all others to co-operate in its observance. In this connection, Arthur Brisbane, noted columnist, remarks:

"While designating a child health day, the government might think of the mother's health also, and the disgraceful fact that this nation leads all others, civilized, in a number of mothers that die in childbirth, for lack of competent attention.

"If a sow is to have a litter, or a cow a calf, the government stands ready to advise and help through the agricultural department.

"For the expectant human mother, there is no such help."

No sooner had it been announced that the Stansel highway bill had become a law than two candidates were in the field for the commissionership from this district. They are B. D. Moore, ex-mayor of Hattiesburg, and A. W. Ezell, a former sheriff of Jackson county. There will probably be other gentlemen in the race, and The Echo's advice to the voters is to make a careful study of the fitness and qualifications of each aspirant for the job and then cast their ballots for the best man. The new three-member commission will have in its hands the expenditure of millions of dollars during the next few years and the taxpayers cannot afford to make any mistake in their choice.

Senator Simmons of North Carolina is going to have the hardest fight of his life in order to retain the seat he has had in the United States senate for the past thirty-odd years. Like old Tom Heflin of Alabama Senator Simmons opposed the Democratic presidential nominee in 1928 and it was mainly through his efforts that North Carolina gave her electoral vote to Herbert Hoover. Here's hoping that both Simmons and Heflin will be defeated as punishment for their disloyalty to the party which had so significantly honored them in the past.

## TWELVE GOALS TO PROFIT BY IN THIS OTHER COUNTIES

Twelve goals have been set up for attainment of women and girls in Neshoba County during the year 1930, according to Miss Margaret E. Creswell, home demonstration agent, who is lending her efforts to this end. What county would not profit by such worthy objectives?

Here they are:

1. To have a year-round garden to supply the family with a variety of fresh vegetables for daily use and to meet the canning budget.
2. To keep an average of at least 50 hens on the farm the year round.
3. To provide milk and butter for the family the whole year round.
4. To make conditions better by taking proper care of the orchard and small fruits, or by starting a home orchard.
5. To add some home conveniences such as running water, electric oven, better heating arrangement or other conveniences that will lessen the burden of housekeeping.
6. To beautify the home by painting the house, making a lawn, and planting native shrubs about the house.
7. To encourage thrift by more careful thought and study of wise spending.
8. To endeavor to interest every woman in the various communities to join us in our undertakings.
9. To have our county well represented at the state short courses for women and girls, that the representation may bring to us inspiration and information.
10. To increase our income by a study of income-earning features.
11. To increase interest in club meetings by promptness, better programs, and participation by every member.
12. To make better reports and keep better records of our achievement day or annual meeting in October.

## GOV. BILBO'S VETO IS SET ASIDE

House Claims Coahoma County Measure Was Not Returned Within Five Days Period.

Jackson, April 14.—Governor Bilbo's veto on the Coahoma courthouse bill was set aside by the House today on the grounds that it was not returned within the five-day period.

Under the provisions of the measure, the voters of Coahoma county will be permitted to decide in a special election whether to abolish the first judicial district and thereby abolish the Friars Point courthouse.

Two-thirds vote of the electors in favor of the proposition would concentrate all county activities with the second judicial district of which Clarksdale is the seat.

Just before the resolution was called by Representative Joe Hopkins, Coahoma county, a ruling from Attorney General Mitchell holding that the governor "was too late" in returning the bill was read.

This was the second House measure to become law last week without executive approval through action of the governor in permitting them to remain on his desk beyond the time limit.

After the House adopted the Coahoma county courthouse resolution, adjournment was voted, while the Senate called it a day after passing an oil conservation bill as amended and approving a Senate bill providing for levee districts in backwater areas of tributaries of Mississippi river.

## WOULD REORGANIZE CHANCERY DISTRICTS

Jackson, Miss., April 14.—A complete reorganization of chancery court districts of state, cutting the number of districts from 17 to 14 and affecting every district in the state but the fourth, which is left as at present, is proposed in a bill offered the House today by joint redistricting committee which has been working on the project since 1928.

Copiah has been added to the seventh district, which includes at present Hinds, Madison and Yazoo.

The average number of days of court held in each district for the past five years as against the number scheduled, was used as the basis of the redistricting, according to Representative W. C. Evans, champion of the bill in the House.

Direct House action is anticipated since the bill was not referred, having come from the committee. It is on the table subject to call.

## New Districts

The new districts outlined are as follows:

First, Tishomingo, Alcorn, Tippah, Benton, Prentiss, Itawamba, Lee, Union, Pontotoc and Monroe.

Second, Marshall, DeSoto, Tate, Lafayette, Panola, Tallahatchie and Yalobusha.

Third, Tunica, Coahoma, Quitman and Bolivar.

Fourth, Leflore, Sunflower, Washington, Humphreys and Holmes.

Fifth, Chickasaw, Calhoun, Grenada, Webster, Clay, Oktibbeha, Choctaw, Montgomery and Carroll.

Sixth, Noxubee, Winston, Lowndes, Atala, Leake, Neshoba and Kemper.

Seventh, Madison, Hinds, Yazoo and Copiah.

Eighth, Sharkey, Issaquena, Warren and Claiborne.

Ninth, Lincoln, Jefferson, Adams, Franklin, Pike, Amite, and Wilkinson.

Tenth, Scott, Rankin, Simpson, Smith, Covington, Jefferson, Davis and Lawrence.

Eleventh, Lauderdale, Newton, Jasper and Clarke.

Twelfth, Wayne, Jones, Greene, Perry, Stone and George.

Thirteenth, Forrest, Lamar, Marion and Walthall.

YOU  
AND YOUR  
RAILROAD  
ARE IN  
PARTNERSHIP

No matter who you are, where you live, or what you do, you are in partnership with the railroad which serves your community.

You are a partner with your railroad because it helps you to maintain public activities through its tax assessments (last year, L. & N. taxes amounted to about \$7,500,000).

You are a partner because its employees are citizens all along its system and are helping you to promote your community's well-being (last year L. & N. wages paid amounted to \$72,000,000).

You are a partner because it furnishes you safe, economical, and comfortable transportation transports for your daily requirements things made and grown in other territories, and takes your commodities outside to greater markets.

As a partner, and realizing its enormous importance to you and your community, it is clearly to your interest to help your railroad in every possible way. Ride your railroad. Ship over your railroad. Use your influence in inducing others to patronize your railroad.

The L. & N. is your railroad—it has been a pioneer in your community; serves first you and your neighbors; takes you places safely and comfortably over its own lines and makes satisfactory connections with other lines; transports your shipments promptly and dependably.

The L. & N. is your partner, and, in view of its consistent and dependable service to your community for nearly eighty years, it feels it may ask your further loyalty and cooperation.

## BAY ST. LOUIS GARDENS ARE FILLED WITH MANY BLOOMING FLOWERS NOW

A Drive About the City Brings To View Every Nook And Cranny Created a Beauty Spot by the Riot of Bloom Which Spring Has Sent to the Coast.

Spring is a very riot of bloom at this time with almost every yard filled to overflowing with flowers in full bloom. Roses predominate in profusion and many varieties of spring blooms are noted. A drive about the streets of Bay St. Louis disclose to view many fascinating places with their equipment of flowers to add charm and beauty.

Misses Louise and Vella Faust, who reside on Carroll avenue at the corner of Second street, not only have a beautifully kept lawn, but many pretty flowers with roses, sweetpeas and fern in abundance. The home of Mr. and Mrs. W. W. Forwood of Ulman avenue and Second street, has many roses and red anemones and a great mass of ribbon grass in the back yard is most attractive. Along Second street northward from Ulman avenue the riot of honeysuckle growing wild and swamps of blue iris and other wild flowers are lovely. The Egyptian garden of Max Kohler of New Orleans and Bay St. Louis, which has one entrance on Second street at the rear of the home is unusually attractive at this time. The cacti beds about the trees, the fish pond which is reached by a tiered concrete steps with the decorative features of the grounds including the snake climbing the tree for the birds nests, are set in suitable surroundings of evergreens and shrubs. The number of azaleas which have been planted near the gate are flourishing well. Spanish dagger is used effectively in these grounds. The front lawn, facing the Bay of St. Louis is featured by many Easter lilies which are beginning to be most interesting just now with their buds showing, presaging early bloom.

The home of Mr. and Mrs. Donald Marshall on Boardman avenue has had a succession of beautiful blooms this spring. On trellises about the house there grows wisteria, yellow banksia rose and many other of the climbing roses, several of the monthly variety, and these have been glorious in their coloring, weaving together in a mass of beauty. On the fence the vines of Cherokee roses and spring pink rose are lovely just now. No handsomer oak is seen on the Coast, than one in the lawn of this home.

The H. C. Babcock grounds which reach from Leonhard to Boardman avenue are beautifully planted, with roses growing about the house. The vegetable garden is noteworthy. Here are growing now potatoes, turnips, beans, corn. The orchard has young berries, blue berries, persimmons, figs, pears and plum trees.

### MISS DONOVAN TELLS OF SOCIAL ATTRAC-TIONS FOR MEETING

The many social attractions which will feature the entertainment part of the program for the Dixie conference of the International Federation of Catholic Alumni to be held in Biloxi on May 17, 18 and 19 are reviewed in an most interesting article written by Miss Frances A. Donovan, of Vicksburg, Miss., Mississippi, governor of the I. F. C. A. and published in the March edition of the I. F. C. A. Bulletin.

Miss Donovan tells of other interesting phases of the approaching convention in the excellent article which follows:

#### The Dixie Conference

The garden federation worker always welcomes any project that will further the cause of the federation. The Dixie Conference is such a project and hence cannot fail to meet with the approval of our federation members.

"While the federation has flourished in other sections of the country, it has been noted that interest has been somewhat lagging in our southern state. This is no doubt due to the fact that the Southern alumnae, being so far removed from headquarters have had very little representation at biennial conventions and do not appreciate the value of the federation. And so the problem has arisen—how can we promote affiliation in the south? The 'Dixie Conference' is the answer. This meeting, held in our sunny southland, will bring our Sisters and the alumnae into actual contact with federation, afford them an opportunity to become better acquainted with its lofty ideals and accomplishments, stimulate interest, revive enthusiasm and result in the unanimous affiliation of our southern schools.

The 'Dixie Conference' will be held in the old Catholic City of Biloxi, Mississippi 17, 18 and 19, 1930.

"At this time of the year the Mississippi coast is at its delightful best and lends itself beautifully to our meeting with all the beauty and charm of Old Dixie.

"With the assistance of our international president, Mrs. Finan, a program is being formulated that will take care of every phase of the federation work. The executive board has been invited to attend and take part in the program. So the delegates who attend will carry away with them a thorough understanding and appreciation of the federation.

"The attractive Buena Vista Hotel, facing the Mississippi Sound, has been selected as convention headquarters. The management, in addition to offering a most attractive series of entertainments, has cooperated with the alumnae in arranging a delightful series of entertainments. Meetings will be held in the beautiful pavilion at the water's edge.

#### Opens With Musicals

"The convention will open with a musical and reception and other entertainments, a sail to the island, luncheon at Gulf Hills, a banquet and dance. These social meetings will afford ample opportunity for the alumnae to get together and become better acquainted. An auto drive tendered by the city officials and the chamber of commerce will prove especially interesting.

"Much enthusiasm has been manifested by the Sisters of the south whom we expect to be present in large numbers. Since the convents of the coast are not large enough to care for the visiting Sisters, they will be taken care of at the hotel as guests of the Mississippi chapter. Special arrangements have been made with the management and every provision has been made for their privacy and comfort.

"The Mississippi chapter extends to every federation member a hearty invitation to attend the conference. Hotel rates and full information may be had by communicating with the Mississippi governor, Miss Frances Donovan, 2743 Washington street, Vicksburg, Miss.

"If you are truly interested in the progress of the federation and would like to assist in affiliating the southern states, 'come to Dixie for the conference.' The attendance of members who for years have taken an active part in federation work will be invaluable in arousing the enthusiasm of the delegates. You will not only be serving your beloved federation and furthering the cause of the church in the south, you will know again that wonderful thrill of convention, an ideal convention, and you will enjoy the hospitality for which the south is famous. So again we say, 'Come to Dixie for the Conference.'

### FIRE BUGS ARE SOUGHT

Blood Hounds Find Shoes, Gun of Men Who Burned Forests

Gulfport, Miss., April 15.—Blood hounds today were put on the trail of incendiaries who fired the reforested land in Jackson county, and a pistol and a pair of shoes of the culprits were found.

From these clues authorities believed they can capture the fire bugs who caused large areas of transplanted pine trees to be burned. The fenced area of the International Paper company suffered heavily.

#### MRS. ENOCH ELECTED

Biloxian Chosen President of Confederate Southern Memorial Group.

Biloxi, Miss., April 15.—Mrs. Bird Enoch Biloxi, has been appointed state president of the Confederate Southern Memorial Association to fill the place made vacant by the death of Mrs. A. McC. Kimbrough.

The appointment came from Mrs. A. McD. Wilson, president general, Atlanta, Ga.

#### YOUNG LUXICH DIES OF HURT IN AUTO ACCIDENT

Rodney Luxich, 19 years and seven months old, died at the King's Daughter Hospital Sunday morning at 5 o'clock as the result of an automobile accident which occurred at Pass Christian Friday night of last week. He did not gain consciousness after the accident. He was the son of Mr. and Mrs. Rodney Luxich, of 2211 22nd avenue, Gulfport, and was born in Louisiana August 8, 1910. Funeral services were held at the home of his parents Monday afternoon at 3 o'clock, Rev. Father Hubert Spangler of St. John's Catholic church officiating. The body was interred at Bay St. Louis.

A couple out at Los Angeles were married last week under ten feet of water. They wore diving helmets equipped with microphones as did the officiating minister. What will some fools do in order to gain notoriety—and a little space on the front page of newspapers?

Hon. Henry A. Minor, State senator from Noxubee county, is reported to be seriously considering announcing his candidacy for United States senator in opposition to our own Pat Harrison. There isn't the least bit of doubt that Mr. Minor is well qualified to fill a seat in the United States senate, but he would have about as much chance of defeating Pat Harrison as the proverbial snowball not melting in Hades.

#### ANOTHER STILL FOUND

Officers of Hancock and Pearl River counties in Mississippi are seeking traces of ownership of a whiskey distillery termed the grandfather of all Gulf coast stills, raided early Monday by Sheriff Joseph C. Jones in the forest depths of Honey Island on the boundary line between Mississippi and Louisiana, a short distance west of Nicholson, Mississippi.

The outfit, described as equipped with gasoline burners and capable of turning out 150 gallons of rye whiskey a day, was seized by Sheriff Jones, accompanied by Sheriff Harvey Stewart of Pearl River county and Justice J. C. Jarrell of Picayune. No arrests were made as the still was found unattended.

The Criticism  
A clergyman who rides in his church in an auto received an anonymous letter calling his attention to the fact that the Lord never rode to church in a car. The clergyman read it from the pulpit and added:

"If the writer of this letter will come next Sunday properly saddled and bridled I will be glad to follow the Lord's example and come to church as He entered Jerusalem."

Next time your Mower needs sharpening bring it in, or notify us, and we will make it cut so nicely that it will surprise you.

While the emery dust method is a cheap one it is not desirable.

The clearing of the cutting blade is reduced, making more surface in contact with the lower bar. As the edges become dull, the mower has to be adjusted very closely, so that it TEARS the grass instead of SHEARING it, at the same time making it run harder than ever.

### Beautify Your Lawn

Have Your Lawn Mower Sharpened by Machinery

Make Mowing a Pleasure Instead of a Drudg

It is a well known fact that owing to the peculiar shape of the blades it is next to impossible to sharpen a Lawn Mower with a file, and many first-class Mowers have been ruined in the attempt.

Your Mower ground with this machine will be sharp and stay sharp longer than the old style way which is usually done by experienced workmen with an emery wheel, file or emery dust, etc.

While the emery dust method is a cheap one it is not desirable. The clearing of the cutting blade is reduced, making more surface in contact with the lower bar. As the edges become dull, the mower has to be adjusted very closely, so that it TEARS the grass instead of SHEARING it, at the same time making it run harder than ever.

### The Sea Coast Echo

#### CITY ECHOES.

—Mr. H. F. Kelley of Alexandria La., spent the week-end at the Bay, visiting friends.

Bay High School teachers departed for their respective homes Thursday in order to get there before Easter holidays.

—"Bill" Witter is now employed at the Coast Serve Self Grocery Store, during the illness of "Dick" Koch, who has been on the sick list for two weeks.

—Fine line of Ladies and Childrens hats and shoes. Just arrived at BOUDIN'S STORE, Third street.

—Misses F. P. Cassidy and Vernon Martin of Picayune, Miss., motored to the Bay Sunday visiting from his home town, "The Bay."

—Miss D. M. McConell, who broke her arm about three weeks ago, and which was noted in these columns at the time, is convalescing rapidly.

—Miss Pearl Kingston is now employed at the Peerless Ice Cream Company on Beach Boulevard, where she is assisting Grady O'Neal in the operation of the business.

—Fine spring chickens, 40c pound. Fine fat hens, .35c pound. Fresh cow's milk every day at BOUDIN'S STORE, Third street.

—Mrs. J. H. Thompson, of New Orleans, spent Thursday in this city the house guest of her sister, Mrs. L. S. Elliott, at the family home in Union street.

—Mrs. C. A. Spiori and family, who have been spending the winter in New Orleans, have again opened their summer home on the beach front, and find a warm welcome.

—Make your kitchen or breakfast nook more attractive. Brighten it up with LUCO-K-WIK Enamel. It dries in four hours and it is ready for use again. Size 35c, 55c, 90c and \$1.55 at the ATLAS DRUG STORE.

—Miss Chaddy Elliott, attending school in New Orleans, and visiting relatives, is home for the Easter week-end, visiting at the home of her parents, Mr. and Mrs. L. S. Elliott.

—The Seventh and Eighth Grade pupils of the Bay High enjoyed a picnic across the bridge Saturday. The hiking was much fun, but they surely suffered for their first sun tan, with freckles and sun burn as the reminder of the picnic.

—National Treasurer, George R. Rea, of Kappa Sigma fraternity, returned home Monday from a visit to Champaign, where he officially visited the University of Illinois, and also visited Chicago before returning home.

—Keep your dog healthy with Sergeant's Dog Remedies. If he has fits, worms, etc., see us. We will give you a dog book on request.

—Mrs. C. E. Craft, nurse who is in charge of the King's Daughters Hospital states that if anyone has any ferns or pot plants of any kind, they would be greatly appreciated by the hospital. This request should find numerous replies. Do it to cheer the sick.

—The delicious, crisp, homemade ice cream comes that you hear about, so much are made at the ATLAS DRUG STORE daily. Filled with quality ice cream, 5c.

—Ralph E. Brash, publisher at Gulfport, and E. C. Connell were visitors to Bay St. Louis Thursday in the interest of a publication, "Fishing Along the Mississippi Gulf Coast," which will soon come from the press. This is the only work of its kind and will prove of value to the thousands ofardent fishermen over the country who are seeking new and better fishing grounds.

—Alex Cunningham, in charge of the golf clubhouse at Pine Hills, left the early part of the week for North after a successful season as resident manager for the winter. The links at Pine Hills are among the finest on the coast and maintained to a high degree of proper care. It is noted, that many players are seen daily and the number seems to be increasing. Pine Hills is an asset to Bay St. Louis and would be more so if the place was more accessible.

—Fine assortment of Easter eggs and rabbits and Easter Baskets and dye. Also fresh yard eggs, laid in our yard each day. BOUDIN'S STORE, Third street.

—Mrs. Jack Taylor of North Biloxi visited Mrs. D. H. Ward Tuesday afternoon. Mrs. Ward is now back at home and friends and relatives are happy to learn of her improvement, since her illness.

—Miss Ruth Schreck has returned from her visit to New Orleans in order to attend the Eastern Star Convention in Biloxi. Many members from the Bay Chapter are in attendance.

—Miss Clare Creel, night operator of the Southern Bell Telephone Company, was called to New Orleans Wednesday morning to her grandfather's bedside. He passed away before her arrival.

—Mr. and Mrs. E. J. Toca and son Clem spent the week-end at the home of Mrs. F. E. Bordage and daughter, Miss Daisy. Mrs. Toca and Clem will remain here until after the Easter holidays.

—Friends were "listening in" on the Gulfport Broadcasting Station Wednesday at 11:30 to hear "Joe" Gilbert with his ukulele. He sang many numbers getting several requests from the audience.

—Pot plants, flower beds, or gardens all need WIZARD SHEEP MATURE. It is free from weed seed and a 100 lb. sack (\$3.00) is equal to a wagon load of barnyard manure. Sold in 50, and up at the ATLAS DRUG STORE.

—Mr. and Mrs. Leon Ladner of Bayou La Croix, have as their guest Mrs. Rosa Hoda and daughter Delane of Washington, La. They expect to remain over for two weeks and then motor back.

—Eggplant, sweet pepper, hot pepper and tomato plants, also fine line of garden seed at BOUDIN'S STORE, Third street.

—One of the most attractive Easter novelties is the Colonial Basket made of pure milk chocolate (Norris') covered with cellophane and filled with nut and fruit candies. It is at the ATLAS DRUG STORE, price \$1.50. They are the headquarters for all Easter novelties and candies.

—Miss L. C. Del Bondio, Mrs. Q. E. Cutrer and Miss Marie Bertrand of Pass Christian, passed through Bay St. Louis Tuesday morning enroute to the Cutrer plantation home at St. Martinsville, La., where they are spending the week, making the trip by motor to and fro.

—Mrs. C. B. Crisler, who has been spending a week at the home of her son-in-law and daughter, Mr. and Mrs. J. C. Buckley, on the Waveland beach front, returned to her home in New Orleans this week. Mrs. Crisler was the victim of an auto accident last fall and has improved considerably, we are glad to state.

—Mr. George E. Pichler returned home Monday morning from a week's business trip to New York City, and before his business trips to his office in New Orleans, assumed his 2011 Mayday. He is quite a basket-merchant and has a special basket for his 2011 Mayday and a special basket for his 2011 Mayday.

## IS NAMED TO HIGH OFFICE

Mrs. Lillie K. Leonhard of Bay St. Louis Is District Deputy Grand Matron Of O. E. S.

A high honor has been accorded Mrs. Lillie K. Leonhard of Bay St. Louis in her appointment as district deputy grand matron of district No. 24 for the Order of the Eastern Star.

—The appointment was made from the floor Wednesday night at the closing session of the annual grand chapter meet at Biloxi. District No. 24 over which Mrs. Leonhard will have supervision includes the chapters at Logtown, Bay St. Louis, Gulfport, Handsho, Biloxi, Ocean Springs, Pascagoula, Moss Point and Vancleave. She succeeds Mrs. Effie Gleason of Biloxi.

### NOTICE TO PUBLIC

Mrs. Alice McCorkle, resigned as head nurse of the King's Daughters Hospital March 1st, effective April 1st, due to long hours and hard work with no relief in sight. My nursing and services were thoroughly satisfactory up to my leaving. At present I am located at 242 Sycamore street, phone 458. Will do day or night duty or visiting nursing by hour. I appreciate the courtesy of Bay St. Louis folks during my stay.

MRS. ALICE McCORKLE  
(Signed)

### CARD OF THANKS

We wish to extend our sincere thanks and appreciation to all who were so kind in their sympathies for us in the hour of bereavement of our dear husband and father, Martial Berrien. Special thanks are extended to Rev. Leo Fahey, Frank Martin and Co. Dr. D. H. Ward and other friends too numerous to mention.

## PAVED SHORT-CUT TO NEW ORLEANS

Considerable interest is manifested in the proposed paved short-cut highway to New Orleans, and it might well be said it is a consummation devoutly to be wished for.

New Orleans and other Louisiana people are as anxious as we of Mississippi to see this long-dreamed of and hope-for project become an actuality. New Orleanians love the Mississippi Gulf Coast, it is their play ground. Their property ownership and corresponding interest in many instances is as great as in their own city. They are residents here all through the summer season, from late spring to early fall; and it is but as a natural sequence that they should feel an equal interest as we do five here and frequent New Orleans all through the year.

We are just as anxious to be able to get in and out of the big city with our cars as they are to come and go. Not only shorter, but better roads we are seeking. It would permit the visit during one afternoon to many who otherwise seldom come out to the coast. On the other hand, and in turn, it would also afford our people opportunity to make short business and pleasure visits to the big city.

We feel New Orleans in a great measure would profit by the early completion of this short-cut highway and it is Louisiana's interest to help hasten the proposition to become a fact.

We hope the fruits of today's conference, under auspices of the Bay St. Louis Chamber of Commerce, will bear fruit—and that at no distant date.

### AS TO ADVERTISING

There is no "off season" in which business concerns can profitably curtail their outlay for advertising and more especially does this apply in a time of general depression. The right sort of advertising is a business getter in both seasons of depression as well as in flush times.

Dr. Julius Klien, assistant secretary of commerce, summed up the matter in a few words when he said in a recent article contributed by him to one of the leading magazines. He wrote:

"Business houses should not only maintain their appropriations for advertising and research during the present depression but should expand them prudently as prospects warrant." Advertising is "inherently" constructive, acting as a powerful stimulus to every branch of activity. It not only keeps goods moving—it inspires confidence. "Good will" is a priceless business attribute, but it is one that may sway and drop under the veering winds of public opinion. Advertising can keep it sturdy and upstanding."

There was a time in the not very distant past, when newspaper solicitors would frequently run across business men who would say "Advertising doesn't pay!" But that time has passed—and so have the business men who thus expressed that long exploded.

Today, when competition is so keen, every business concern, whether its stock in trade consists of dry goods, groceries, machinery, automobiles, or what not, realizes it is only by advertising that it can hope to secure and hold its share of patronage. Customers in search of standard and reliable merchandise are on the lookout for a place to trade where they feel assured that the quality of the goods they desire is as represented by the advertiser, and as cheap in price as they could find elsewhere.

The present period of depression, when business in all lines is slack, is the time of all times when merchants should exercise good sense and judgment by acquainting the buying public with the bargains they have to offer through constant advertising. Trade will come to their doors in increasing volume, while the merchants who fail to advertise will continue to wipe the accumulating dust from their shelves.

### SURE THEY WOULD

Sergeant: "Men, ye are on the eve of battle. Will ye fight or will ye run?"

"We will," shouted the men eagerly.

"Which will ye do?" says he.

"We will not," says they.

"Thank ye men," says he. "I thought ye would."
